

PHOENICIA UNIVERSITY

جامعة فينيسيا

Topics Covered in Math Entrance Assessment

For Business

- Algebraic Computations (expansion, factorization, square roots, cubic roots, etc.)
- Equations and Inequations
- Absolute Value
- Linear Functions (properties of straight lines, graphs, etc.)
- Polynomial Functions (quadratic and cubic)
- Exponential and Logarithmic Functions
- Differentiation (polynomials, power functions, and rational functions)
- Basic knowledge in sequence and series
